

Dear class 6c,

I hope you're fine and don't miss school too much 😊

This week you'll have to do the exercises on this page.

Please write them with WORD and send them to my e-mail address till Monday 27<sup>th</sup> April:

[nina.walter@erbs.nrw.schule](mailto:nina.walter@erbs.nrw.schule)

You can also write into your exercise book and send me a photo of it.

### 1) Grammar

#### What will life be like in 2050?

Look at the pictures about life in 2050. Write two sentences for each picture.

Start your sentences with: I think ... / I'm sure ... / I hope ... / Maybe ... / I don't think ...

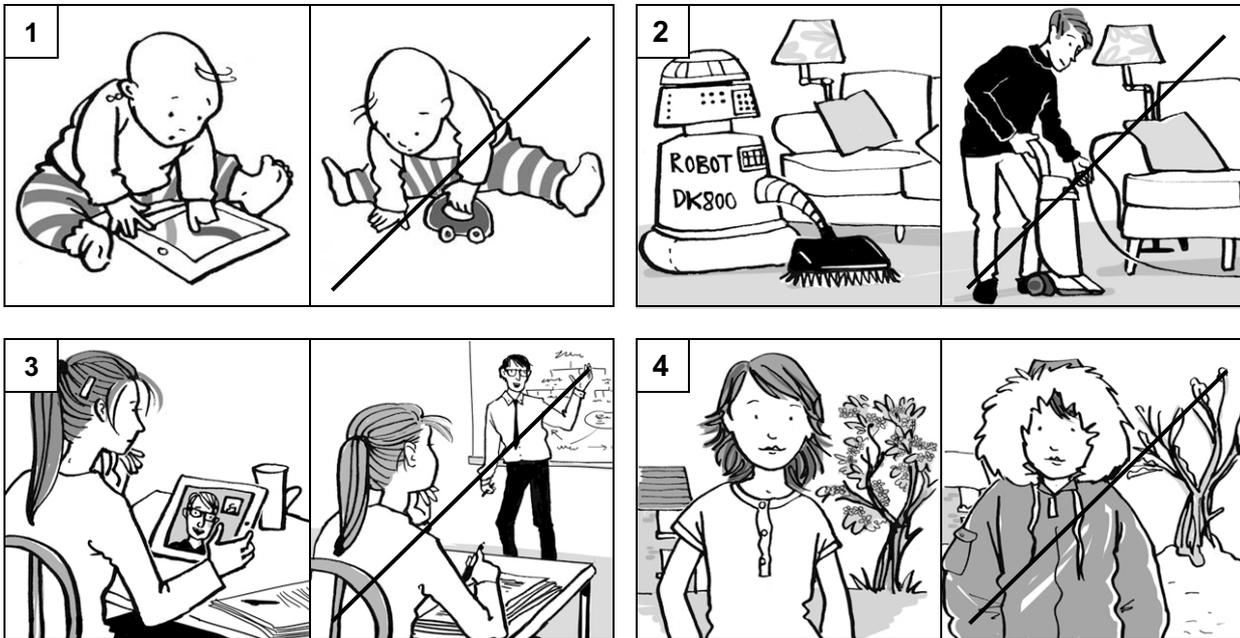

Use the verbs from the box. There are two more verbs than you need.

play with • learn at • read • be • go to work • clean • make

Example:

I'm sure people will go to work by plane in 2050. They won't go to work by car.

## 2) The weather forecast

Write your own weather forecast with the help of this map. Remember to use the will-future and the weather words from p. 224.

## 3) A letter to my class teacher

Because of the Corona virus we've all had to stay at home since 16<sup>th</sup> March.  
Write a letter to me about these last five weeks.

I'd like to know:

- What you did (in the morning, afternoon, evening)
- What you liked or didn't like about staying at home
- How you felt / feel
- What / Who you missed
- What it was like to learn for school at home
- What you are looking forward to (Worauf du dich freust)

Tip:

Before you write this letter, read TB p. 194 again about how you write a letter.

This is also a good practise for the e-mail project, which I hope we can start soon!

**All the best to you and your families. I hope to see you again soon.**

**N. Walter**
